If you're having trouble getting your One Call Now messages it may be because your service provider has blocked them in an attempt to block scam calls since One Call Now is considered a Robocall.

You can fix this by calling your service provider and having them unblock the One Call Now number, which is 877-698-3261.

You will be receiving a letter this week concerning this and ways to fix other One Call Now issues you may be having.
