At last checkup doctor said there were still cancer cells but they had not grown and that Ben's cancer is treatable but not curable. Please remember his wife, Ginny, also through this struggle.

Andrea Stephens & Reagan – Andrea spent a night in the hospital this week due to low amniotic fluid around the baby. She will have two ultrasounds this week to monitor the situation. Please pray that both Andrea and Reagan will continue to be healthy and that if possible, Andrea will be able to carry the baby full term.

Charlie & family – He is a 12 year old boy who has been on life support since having a surgery about a week ago. Two tests to determine any brain activity were done on Friday and Saturday. Please pray that brain activity was found and for Charlie's complete healing. Amy Grizovic/friends
